"We want a badge that we can use for Christmas but that also fits our Tree of Life, Lights of Love services. A Christmas badge would be much better and one that is different from the Christmas Emblems. A badge that can be branded with my hospice's name. We would like more backing card options that are fresh and modern and something of a better quality that I can offer to my corporate supporters at their Christmas events, maybe even as place cards!"

We did!
